Welcome Aboard

We have prepared a list of clothing items, and equipment you might like to have along for your trip aboard the *David B.* Summertime temperatures in Washington and British Columbia can vary from the 50s to the lower 90s (10C to 32C). Alaska's temperatures can range from the low 40s to mid-70s (4C to 23C). While most days are sunny or overcast you should be prepared for rain.
